

CHOCOLATE DIRT CUPS

Instructions: With the help of an adult, collect the necessary ingredients and follow the steps below.

Step 1

Create the dirt layer by putting half a package of chocolate cookies in a sealed plastic bag and use your hands or a rolling pin to crush the cookies.

Step 2

Create the mud layer by whisking 1 box of instant chocolate pudding, 1 small tub of whipped cream, and 2 cups of milk in a bowl. Then allow the mixture to sit for 2 minutes.

Step 3

In a clear cup, alternate the mud layer and the dirt layer until you fill the cup and then top with gummy worms. Enjoy!
