One-Bureau Credit Monitoring Alerts¹ – helps you stay on top of your credit to help detect fraud more quickly. Alerts are sent when key changes are made to your credit file with a major credit bureau.

Credit, Bank & Utility Account Freezes – provides instructions and links so you can quickly freeze credit, bank and utility files with each consumer reporting company to help protect you against criminals opening unauthorized accounts in your name.

Restoration Assist – U.S.-based Identity Restoration Specialists are available Monday to Friday 6 a.m. – 5 p.m. PST with guidance and with next steps to assist you should you become a victim of identity theft or other suspicious activity. ¹ Two requirements must be met to receive the One-Bureau Credit Monitoring feature: (i) your identity must be successfully verified with Equifax; and (ii) Equifax must be able to locate your credit file that contains sufficient credit history information. If these requirements are not met, you will not receive Credit Features from Equifax. You will receive Credit Features once the verification process is successfully completed. Any credit monitoring from Equifax will take several days to begin after your successful plan enrollment.
