

Your funds are automatically insured at MSUFCU through the National Credit Union Administration (NCUA). Your savings are federally insured for \$250,000 by the NCUA and backed by the full faith and credit of the United States government. Accounts maintained in different rights, capacities or forms of ownership may each be separately insured up to \$250,000. Coverdell Educational Savings Accounts, Health Savings Accounts, traditional IRAs, Roth IRAs and SEP Plan IRAs are insured for an additional \$250,000.

The examples below show some of the account combinations that can maximize your insurance coverage. Each example has specific requirements that must be met in order to receive the coverage indicated. For more information on these requirements and to find additional resources including the Share Insurance Estimator, an interactive tool to help you calculate your NCUA coverage, visit the NCUA website at [www.ncua.gov](http://www.ncua.gov).

<b>Family of Two - Spouses</b>
