FAQs and Important Acquisition Information

About MSUFCU

MSU Federal Credit Union (MSUFCU) is committed to supporting the people who live and work in the communities we serve. Founded in 1937 by Michigan State University faculty and staff during the Great Depression, we have a long history of helping members achieve financial success.

Our dedicated employees live our mission daily, empowering members to find financial freedom and security as they buy their first cars and homes, start businesses, and save for their children's futures.

Account Conversion Questions

When do I officially become an MSUFCU member?

We expect the transaction to occur on September 1, 2024. In order to become a member of MSUFCU and ensure uninterrupted access to your account(s), all existing McHenry Savings Bank (MSB) customers will need to complete a membership opt-in form via mail, online at msufcu.org/msbmembership, by calling 1-312-270-0204 x3133, or visiting a branch location.

When will the account conversion occur?

We plan to fully transition your MSB account(s) to MSUFCU in the second quarter of 2025. At that time, you can begin using the expanded services MSUFCU offers!

A comprehensive account conversion guide will be mailed to you with all the information you will need.

Account Questions

Will my MSUFCU account(s) be the same as my current MSB account(s)?

Your new MSUFCU account(s) have been carefully selected to closely match your current MSB account(s). In some cases, your new account may have different features, which we will communicate to you.

Will my account number change?

It is likely that your deposit and loan account numbers will change upon conversion. We will notify you of all changes and can help assist with updating any direct deposit or ACH items as needed.

Your new routing/transit number for MSUFCU will be 272479663. Your current MSB routing number will continue to work for any ACH or wire transfer transaction received for your account until conversion.

What is the difference between credit union and bank accounts?

A credit union is a not-for-profit cooperative financial institution, owned and controlled by the members who use its services. Credit unions serve members who share something in common, such as where they work or live.

Credit unions like MSUFCU are built on the basic principle of "people helping people," offering all the financial services you need with a member- and community-focused approach. Credit union members receive better rates, financial education, enhanced community well-being, superior service, and so much more. As part-owner of your credit union, your financial success is a top priority.

Product & Services Questions

Will I get a new debit card?

You will receive a new MSUFCU VISA Debit Card to replace your existing MSB debit card. You can begin using your new card after the official conversion date.

Will I need to get new checks?

Yes, you will need to order new MSUFCU checks. MSUFCU will temporarily process MSB checks written before the conversion or that are outstanding. New checks ordered through MSUFCU will automatically use the MSUFCU routing number. If ordering through another provider, use the MSUFCU routing number 272479663 and your new account number.

How will my funds be insured?

The Federal Deposit Corporation (FDIC) insures deposits for bank customers while the National Credit Union Administration (NCUA) insures deposits for credit union members. MSUFCU is federally insured by the NCUA, providing up to \$250,000 in coverage for each single ownership account. A member can have more than \$250,000 at one insured credit union and still be fully insured provided the accounts meet certain requirements and are properly structured. If you have questions about your coverage or account structure please contact MSUFCU.
