

Guaranteed Asset Protection (GAP)

What is Guaranteed Asset Protection Plus with Deductible Assistance?

If your vehicle is deemed a total loss due to an accident or theft, GAP may reduce or eliminate the “gap” between what your insurance company will pay you and your current loan balance.¹

Why add GAP to your loan?

Guaranteed Asset Protection (GAP) is a great way to protect your finances if the value of your vehicle is less than the amount of your car loan. A good rule is to assume your new vehicle will depreciate about 20% after the first year you own it, half of which occurs in the first month after you drive it off the lot.² This may leave a gap between what you owe on your loan and the value of your vehicle if it's deemed a total loss due to an accident or theft. Our GAP program may reduce or eliminate the gap between the amount your insurance company will pay and the amount you owe on your loan. Plus, it helps you get into your next vehicle by reducing your next MSUFCU auto loan by \$1,000.

Our GAP Plus program includes Deductible Assistance, which is designed to provide financial relief when your vehicle is damaged but not deemed a total loss. If repairs cost more than your deductible, the deductible amount is applied to your MSUFCU auto loan, reducing the amount you owe.
